1. I think all 6 of 6 winners should receive the same EXACT percentage of sales and not one cent more or one cent less. I firmly believe all monies collected for each Lotto Texas game should be paid out to the winners for that drawing and no funds should be withheld by the TLC. I oppose your proposed rule change that would enable you to pay out the "advertised amount" and not the actual percentage of sales due the winners.

2. I also oppose your proposed rule change enabling you to say "monies not won for 6 of 6 winners" - when someone matches all 6 numbers - all monies in the 6 of 6 prize pool WAS won - there should be no carryover for 6 of 6 funds collected.

3. I also oppose your trying to delete the rule that states you do NOT have to make public your "End Of Scratch Game" report to the public or that you don't even have to produce this report. I firmly believe the people have a right to this information and it should be available if we want it.

4. I still oppose the addition of 4 balls to Lotto Texas.

5. I also oppose having to drive to Austin to collect winnings over $600 for scratch tickets and Lotto Texas. I think we should be able to collect our winnings at the local claim centers.
