

PART V – POWERBALL DOUBLE PLAY PROMOTION

PB DP RULE 1 — POWERBALL DOUBLE PLAY PROMOTION DESCRIPTION.

DP 1.1 – Powerball DP Overview. The Powerball Double Play Promotion (“DP” or “Promotion”) is an add-on to the Powerball game, and participation by a Lottery is optional. Players must purchase an official Powerball ticket to participate in DP.

DP offers players a second chance to win a new set of prizes, using the same numbers the player selected (manually or by computer pick) for their Powerball Play. The Double Play Drawing is a separate drawing which takes place after the official Powerball Drawing, conducted by and in accordance with the Product Group approved Draw Procedures.

Selling Lotteries may choose when to start, and end the Double Play Promotion.

DP is an additional add-on to the Powerball game, and does not replace or alter Power Play. Power Play is not available with the Double Play Promotion. DP Prizes will not be multiplied or increased by the Power Play Promotion.

DP is conducted in accordance with the Powerball Double Play Promotion Rules and Selling Lottery rules. All rules applicable to the Powerball Game in Parts I and II of these rules are applicable to the DP Promotion unless otherwise indicated.

Powerball prizes and Double Play prizes are determined separately; for example, a Powerball player who chooses to participate in Double Play may win both a Double Play prize and a Powerball Prize, if their Play numbers match the Powerball winning numbers and also the Double Play winning numbers.

Participating Lotteries may require purchase of the Double Play promotion when a player purchases a Powerball play.

Amended February 4, 2021.

DP 1.2 How DP Works. Double Play is a five (5) out of sixty-nine (69) plus one (1) out of twenty-six (26) lottery game, drawn on the day(s), time(s) and location(s) as determined by the Powerball Product Group, and which pays a single payment First Prize.

DP 1.3 DP Winning Numbers. Double Play winning numbers applicable to determine Double Play prizes will be determined on the day(s), time(s) and location(s) as determined by the Powerball Product Group. During the drawing event, five (5) numbers shall be drawn from the first set of sixty-nine (69) numbers, and one (1) number shall be drawn from the second set of twenty-six (26) numbers, which shall constitute the Double Play Winning Numbers.

Powerball winning numbers shall not be used to determine Double Play prizes. Double Play winning numbers shall not be used to determine Powerball prizes.

DP 1.4 DP Requirements. To play Double Play, Players must purchase an official Powerball ticket. For an additional one dollar (\$1.00) players may purchase a Double Play at the same time the Powerball ticket is purchased. Double Play Play numbers shall be the same as the numbers the player selected (manually or computer pick) for their Powerball Play. The one dollar (\$1.00) purchase price for Double Play shall include any specific statutorily-mandated tax of a Selling Lottery to be included in the price of a lottery Play.

DP 1.5 - Purchases. Plays may be purchased from a Selling Lottery approved sales outlet in a manner as approved by the Selling Lottery and in accordance with MUSL Rules.

DP 1.6 - Tickets and Ticketless Transactions. Selling Lotteries may determine whether the DP Plays are printed on the same ticket as a Powerball ticket, or on a separate ticket from the Powerball ticket.

If a Selling Lottery determines that the DP Play may be on a separate ticket than the Powerball ticket, under no circumstances will a claim be paid for a DP prize without having first purchased an official Powerball ticket for the same drawing.

If the DP is on a separate ticket, then that ticket must match all of the game play, serial number and other validation data residing in the Selling Lottery's computer gaming system (CGS) and such ticket shall be the only valid proof of the wager placed and the only valid receipt for claiming or redeeming such prize.

If the DP Play is purchased as a ticketless transaction, the Selling Lottery's electronic record of purchase shall be the only valid proof of the wager placed and the only valid receipt for claiming or redeeming such prize. See also Rules 31.3(o) and 32.4.

PB RULE DP 2 - PRIZE POOL.

DP RULE 2.1 - Double Play Prize Pool. The prize pool for all prize categories offered by the Selling Lotteries shall consist of fifty-five percent (55%) of each drawing period's sales, inclusive of any specific statutorily-mandated tax of a Selling Lottery to be included in the price of a lottery PB Play, and inclusive of contributions to the prize pool accounts, but may be higher or lower based upon the number of winners at each prize level. Prize pool contribution requirements shall be based on the sales price for Plays as established by the Group, not on the amount collected by the Selling Lottery after deducting for statutorily mandated taxes.

(c) Pari-mutuel Prize Determinations Applicable to Participating Lotteries.

(c)(1) Except as otherwise provided for in PB Rule DP 3(c)(2):

(c)(1)(a) If the total of the Double Play Set Prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the Double Play Set Prizes, then the amount needed to fund the Double Play Set Prizes awarded shall be drawn from the following sources, in the following order:

(i) the amount available in the DPSPP if any;

(ii) an amount from the FPP, if available; and

(iii) other amounts as agreed to by the Product Group in its sole discretion.

(c)(1)(b) If, after these sources are depleted there are not sufficient funds to pay the Double Play Set Prizes, then the highest Double Play Set Prize shall become a pari-mutuel prize. If the amount of the highest Double Play Set Prize, when paid on a pari-mutuel basis, drops to or below the next highest Double Play Set Prize and there are still not sufficient funds to pay the remaining Double Play Set Prizes awarded, then the next highest Double Play Set Prize shall become a pari-mutuel prize. This procedure shall continue down through all Double Play Set Prize levels, if necessary, until all Double Play Set Prize levels become pari-mutuel prize levels; In that circumstance, the money available from the funding sources listed in this Rule shall be divided among the winning DP Plays in proportion to their respective prize percentages.

Comment. The California Lottery is excluded from the Participating Lotteries pari-mutuel prize calculations.

(c)(2) Reserved.

(d) Subject to the laws and rules governing each Selling Lottery, the number of prize categories and the allocation of the prize fund among the prize categories may be changed at the discretion of the Product Group, for promotional purposes. Such change shall be announced by Product Group.
